- > Mask requirement applies at all times on the campus. Medical exemptions allowed
- > Do not come to the campus if you are sick or have any symptoms. Leave the campus if any symptoms appear during the day.
- > Take responsibility toward the learning and safety of others [students, swimmers, staff]
- > You do not need to worry about the Piscine being ruined if you are sick, this is taken into consideration in the selection.

If you feel sick:

- > We advise you to take a **COVID test**.
 - > If the test is **negative** but you still feel bad, **stay home** until symptoms have disappeared.
 - > If the test is **positive**, follow the COVID guidance: quarantine for at least five days from the start of the symptoms and wait to have two days without any symptoms.
- > You are allowed to return back to the campus when you clearly **do not have symptoms** and that your COVID test is negative.
- > After you have recovered, fill in our COVID & Sickness **TypeForm** [link in Slack]. This is super important.
